

Ride The Pattern Clinics during European Championship

Over the Last years AQHA Professional Horseman and Judge Butch Carse introduced the “Ride The Pattern” Program to our European shows. While Butch hold the clinics by himself until Europeans 2016, this Year he will be supported by a motivated group of european AQHA and DQHA Professional Horsemen.

The clinics will cover the L1 Pattern as well as the Final Pattern for Youth, Amateur and Amateur Select exhibitors.

A demonstration ride will be shown on the Pattern which is required during the show in the disciplines Showmanship, Horsemanship, Hunt Seat Equitation, Trail and Ranch Riding.

The Professional Horseman will explain what judges are looking for and on which system classes are judged. They will also cover some tips and tricks for the perfect performance considering the ideal lines during the pattern and the ideal body positon. And last but not least questions are more than welcome, also on topics such as equipment and outfit.

FEQHA would like to thank all Professionals for taking their time and wishes the exhibitors a lot of fun.
